## What is a Ning?

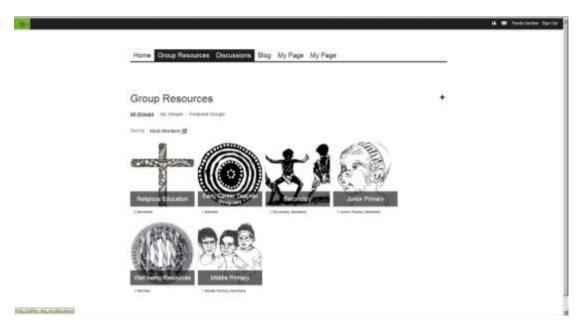

A Ning is a closed online social networking space where people can come together to share ideas resources and learning. The CathKim Ning <u>http://cathkim.ning.com/</u> has been created for private use by the educators in the Kimberley.

The Ning has five main sections:

1. HOME: The landing page where you first arrive. This has links to other key parts of the Ning.

2. **GROUP RESOURCES**: These are the small group working spaces on the Ning. There are some groups that may only be accessed by members of that team like the Early Career Teacher group and the Principals group. Other groups are open for anyone in the Ning to join. To join a group you click on the picture and press the *Join* button.

Each group has access to:

• A **Home page** which explains the general topic.
